1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Joseph A. Rhoa on 11/05/2003.

The application has been amended as follows:

**In the Claims**

(a) Cancel claims 1-4 and 6-12.

(b) In claim 5, line 23, after "electrically connecting", -- the other one of the source region and drain region of the semiconductor thin film -- has been inserted.

(c) In claim 5, lines 23-25, "an auxiliary capacitance electrode region lead to the other one of the source region and the drain region of the semiconductor thin film" has been deleted.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Prasad R. Akkapeddi whose telephone number is (703) 305-4767.

## **DETAILED ACTION**

### ***Response to Arguments***

2. Applicant's arguments, see Amendment, filed 10/20/2003, with respect to claim 5 have been fully considered and are persuasive. The final rejection of 03/20/2003 and the has been withdrawn.

### ***Allowable Subject Matter***

3. Claim 5 is allowed.

4. The following is an examiner's statement of reasons for allowance:

A search of the prior art did not disclose a transmission type liquid crystal display device comprising a combination of structural elements, more specifically:

(a) A first contact hole for electrically connecting either one of the source region and drain region of the semiconductor thin film to the signal wiring, a second contact hole for electrically connecting the other one of the source region and the drain region of the semiconductor thin film to the lead electrode and a third contact hole for electrically connecting the lead electrode to the pixel electrode.

The prior art Dohjo et al. (U.S. Patent No. 6,078,366), as successfully argued by the applicant, does not disclose the electrical connection of the contact holes to the specified structural elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
